## 15 die in shootings across Sri Lanka

COLOMBO — Suspected rebels have killed 15 people in Sri Lanka over the past 24 hours, the army said yesterday. A military report said the victims, shot in incidents across the island, were mostly civilians known to support the government. The government has accused the People's Liberation Front, whose members belong mainly to Sri Lanka's Sinhalese majority, of mounting violent protests to topple President Junius Jayewardene's government.
